

CRISPR library construction and screening

RL Rui Lu CL Chunliang Li

Updated date: Mar 1, 2021

 An abbreviated version of this protocol was published in eLIFE in Oct 2020

Functional interrogation of HOXA9 regulome in MLLr leukemia via reporter-based CRISPR/Cas9 screen

DOI: 10.7554/eLife.57858

Detailed protocol

Dear all,
Enclosed please find the protocol for TF CRISPR screen. We have also deposited the library plasmid and a detailed version of protocol to Addgene (#162275). Let me know if you have further questions.
Thanks for your interest.
Chunliang
